AI for African Accounting

AI-Powered Accounting & Tax Automation
SYSCOHADA · Senegal & OHADA Zone (17 countries)

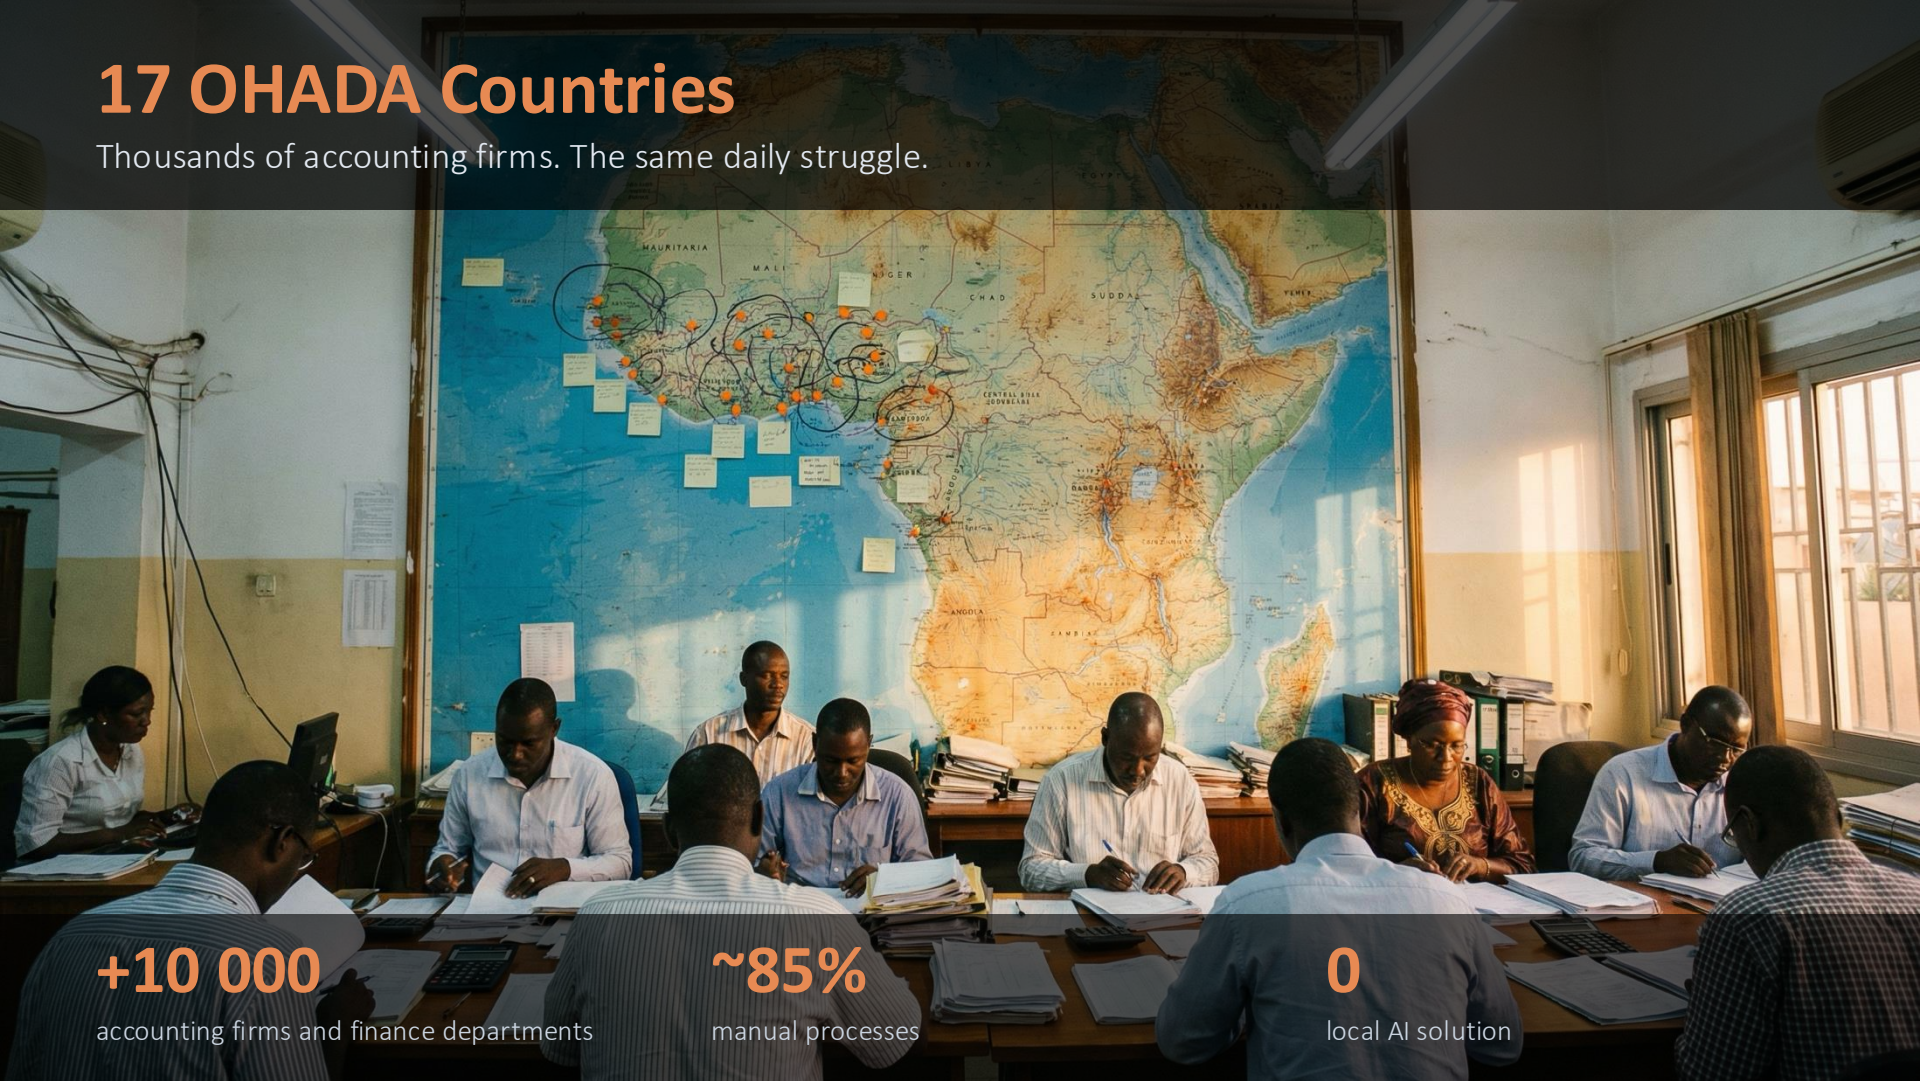
GITEX AFRICA 2026 · Marrakech

Every day, the same battle.

Mountains of paper. Hours of manual data entry. And the constant fear of errors.

17 OHADA Countries

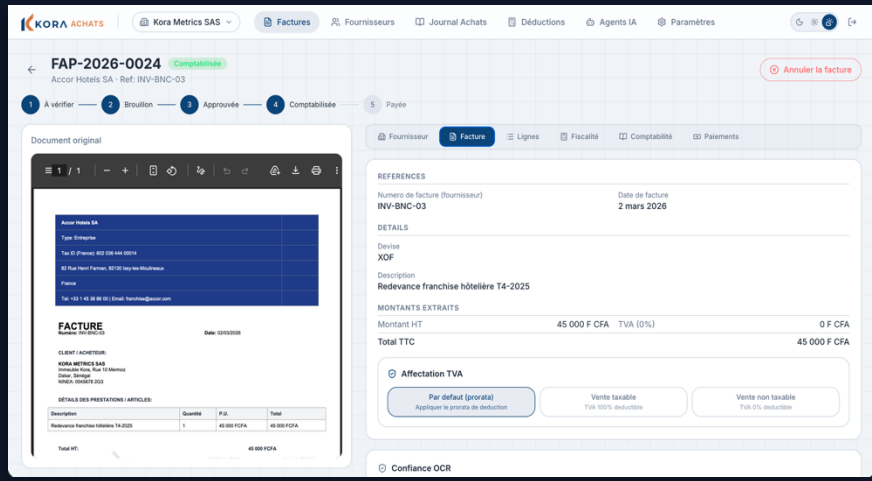
Thousands of accounting firms. The same daily struggle.



+10 000
accounting firms and finance departments

~85%
manual processes

0
local AI solution



BEFORE

Manual entry, errors, slow process

AFTER

Upload, AI processing, Validation
In just seconds

Here is how Kora transforms an accountant's daily work:
80% productivity gain

STEP 1

Smart Upload & Extraction

The accountant uploads their invoice. The AI instantly extracts all data: supplier, amounts, VAT, references.

Kora is not just about technology. It's the depth of regulatory expertise.

66 years
of combined field expertise in accounting, tax, and OHADA business law

17 countries
each with their own tax specificities, embedded in our AI

The challenge is not AI —
it's the domain expertise we put into it.

Our Ask

300 000 €

PRE-SEED

Deploy the sales force

Recruit the sales and customer success team. Structure client onboarding to reach 50 active firms in year one.

Strengthen the solution

Consolidate the AI platform, expand OHADA tax coverage, and ensure enterprise-level service from the first deployments

The goal: commercial launch in Senegal by May 2026 and demonstrate product-market fit before a Seed round.

Join the African accounting revolution
